MAN FROZEN TO DEATH NEAR COLEMAN

On Sunday morning the lifeless body of Tum Wezul, a lumberman working in McLaren's No. 4 camp, was found near the railroad track about four miles west of Coleman. The prostrate form was first noticed by a porter on one of the west-bound trains of the C. P. R. Immediately on arriving at Crow's Nest, the porter wired to the authorities of Coleman and informed them of the sad scene. A party was then sent out to investigate with the result that Wezul's body was found frozen stiff. It was taken to Coleman and, interred on Thursday. Wezul was about 32 years of age. When found he had a bottle of wine and an empty whiskey bottle in his pockets.

Bylaws Passed-- Town Will Take Over Water Works

The property owners of the town of Blairmore voted on two money bylaws on Friday last. One bylaw was for the borrowing of \$40,000 with which to purchase the waterworks, and the other was for the borrowing of \$5,000 for the purpose of purchasing property and erection thereon of a fire hall, the latter to be well equipped with fire fighting apparatus.

The vote recorded was a very small one—only 48 in all. There were 35 in favor of the bylaws and 13 against. It was necessary to have a two-thirds vote to win, so it will be seen that nearly three-fourths of the voters marked in favor of the bylaws. This will mean that the town will take over and operate the water works as soon as they are completed and will be the only town in this district to have a municipal owned water works. This is a progressive instance of Blairmore's progressiveness. Now that Blairmore has set the lead, it will be quite natural for other towns to follow her example.

W. L. Shera is Secretary-Treasurer

At a meeting of the town council held on Friday evening last, W. L. Shera was elected secretary-treasurer of the town of Blairmore for a term of one year at a salary of \$80 per month. Besides being secretary-treasurer, Mr. Shera has to act as tax collector and assessor. Regular office hours, from 9 to 12 a.m., and from 2 to 5 p.m. His office is in the Beebe block, second door east from Fifth avenue.

A Life Sentence!

W. M. Wetmore and Miss Nellie Goddard were married at Coleman on Thursday evening last. The ceremony was performed in St. Alban's church, Rev. L. Fordham officiating.

Another Life Sentence

R. W. Cole, well and favorably known in Blairmore and in other towns in The Pass, joined the army of benedict at Maple Creek, Sask., on Christmas Day.

BORN

At Rocky Mountain Sanatorium, at Frank, on Thursday morning of this week, a son to Mr. and Mrs. Jacques Massas.

ELECTRIC RAILWAY FOR THE PASS

As will be seen elsewhere in this issue, application will be made to the government at the present session of the provincial parliament for the right to construct and operate an electric railway along The Pass, from Cowley on the east to Crow's Nest lake on the west. This will be glad news to thousands of residents in this section of the country where there is a constantly large and ever increasing passenger as well as freight traffic.

W. A. Beebe is acting as agent for the applicants, and in an interview with him on Tuesday the "captain" told a reporter that already there was available sufficient capital with which to construct and put in operation the proposed electric railway. Mr. Beebe further declared that should the government consider the application favorably, work would be commenced on the new railroad as soon as the warm weather commences.

The electric railroad will run from Cowley to Lundbreck, then north across the C. P. R. and west to Burnis, Passburg, Maple Leaf, Bellevue and Hillcrest, Frank, Blairmore, Coleman, Carbondale, then south across the C. P. R. and west to the lakes, making in all a track of about twenty-five miles in length. The estimated cost of grading the road, purchasing rails and completing the new system is \$250,000.

An hourly service will be given, running from early morn until late at night. Fares will be moderate. Experienced motormen and conductors will be employed, a thoroughly competent and reliable staff of officials will be in charge, and a most satisfactory and efficient service is promised the public by the Crows Nest Pass Electric Railway Company by which name the new company will be called.

The power house, car barns and head office of the company will be located in Blairmore, this is extremely necessary because of the town's central position. Further particulars of this new enterprise will be given in a later issue of this impartial of knowledge.

The Fathers of the Town of Blairmore Meet

The town council met in the Beebe block on Friday evening last, shortly after the voting on the two money bylaws took place. The mayor and all councillors were present.

About the first business transacted was the paying of the following accounts: W. L. Shera, \$50; C. Hiscocks & Co., \$5.55, and the Rocky Mountain Cement Co., \$8.50.

The finance committee was instructed to take all necessary steps in connection with the sale of water works and fire hall debentures, and the secretary-treasurer was instructed to put an ad. in the financial news to the effect that said debentures were for sale.

With the exception of appointing a secretary-treasurer for the year 1912, this comprised the business for the evening.

A Car Loaded with Coal Got off Track

A car loaded with coal got off the railway track near Peigan, about ten miles west of Macleod, on Tuesday morning last and delayed traffic for over six hours. QUICK RELIEF FROM THAT PERSISTENT, RACKING COUGH

We mean the kind of cough it gives one a cold shiver just to hear it. It is a deep-seated, hack-hack-hack—It is a cough as if it were tearing the very vitals. That's the kind of cough that means trouble.

Fortunately, though, that is also one of the kinds of cough for which Na-Drin-Cough Syrup of Linseed, Licorice and Chloroform is absolutely first in relief, soothing the phlegm, promoting expectoration, and so stopping the cough. Thousands declare it to be the best cough syrup they have ever tried.

Your Druggist will gladly recommend it, and will supply you with either a 25c. or 50c. bottle. The National Drug & Chemical Co. of Canada, Limited, 115

The Difference

Young Hopetell—Father, what is a traitor in politics?—Father, what is a man who leaves out party and goes over to the other one.

Young Hopetell—Well, then, what is a man who leaves his party and comes over to yours?—

Veteran politician—A convert, my son.

Faith And Works

Visitor—Everybody's going to church today. What's the reason?—

Officer—It's just the hope that springs eternal in the human breast. Our baseball team is at the bottom of the league, and the fellows think it is going to church. "The Last Shall be First."

Shiloh's Cure

First Typewriter Girl—Shiloh's a pretty quick operator, isn't she?

Second typewriter Girl—Quick. I should say she was. She hadn't been in her job two weeks before she was engaged to her boss.

"What is the key to success?" "The ability to make people pay." "Pay for what they get." "No, pay for what you tell them they are getting."

Oliver oil is a good dressing for patent leather. Apply with a bit of old flannel and afterwards polish with a soft cloth.

Unless the shoes be very rusty, they may be polished with the palm of the hand, warm hand. The slight oiliness of the skin brings out a nice gloss.

The Wise Patient

"The doctor asked me if I ate much meat. I answered the question."

"You should have told him the truth about your diet."

"Ah, he was just trying to find out if I'm wealthy."

Old man (sarcastically)—Then you don't believe in the benefits of work, I suppose?

Young man—Don't I, though. If the old guy nor had any work to do, I wouldn't have all his life. I shouldn't have what I have now.

The Needle and the Pole

"True as the needle to the pole," says a saying another popular saying conveys a distinctly erroneous impression. In order to keep itself daily pointed at the North Pole, the needle to the pole, or, technically, the "variation of the compass" from the true north is maintained.

Not only does the magnetic needle vary at different times, but the variation changes from year to year, and even at different times in the day. The magnetic survey charts of these places which, at a particular time, have the same amount of variation, are covered by which is known as an isogonic, or equal variation line. Through these points on the map in the magnetic survey charts of these places which, at a particular time, have the same amount of variation, are covered by which is known as an isogonic, or equal variation line.

Isogonic charts may be accurate today and full of small errors in a few years. The famous Mason-Dixon line, between Pennsylvania and Maryland, which was surveyed in the years 1763 to 1787, was run by the stars and not by the needle, a great piece of foresight in that day. If it had been surveyed by the needle, it would have shown a line of small pieces of two miles, and had the line been run by magnetic compass a hundred years ago, it would have shown a line of small pieces of two miles, and had the line been run by magnetic compass a hundred years ago, it would have shown a line of small pieces of two miles.

"A militiaman and a sausage!" "Halt, sausage! Pass on, militiaman!" was the instant reply.

A Trail of Twisted Trees

All manner of devices have been employed to mark a line of march, but it is thought that the most curious method of "blazing the trail" is that still to be seen in Africa. In the year 1849, after a fierce battle with the Abyssinians, the derelicts pursued the foe as far as the lake district. The Magd's men had small knowledge of geography and little topographical intelligence. To the advance guard, in order to mark the route for those who came after and also to guide the force on their return journey, related the saplings along the way into living knots. The war ended, but the trees grew and flourished, although uncouthly twisted and distorted, and are now the only reminders of that uprising of the derelicts.

Time Has Tested It—Dr. Thomas' Electric Oil has been the market leader upwards of thirty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. It has no equal in the whole list of liniments. "After recovering from an attack of Grippe," the Postmaster says in the story of his cure. "I took a bath in my back and I suffered for nearly three years, finally getting so bad that I was confined to my bed."

"One day I told my wife to go and get me some Dodd's Kidney Pills. She brought them home, and I took them. After using about a dozen I began to feel better. So I kept on taking them. When I had taken twenty boxes I was able to get up, and ten boxes cured me completely."

"The principal danger of medicine is the after effects. The way to guard against this is to strengthen the kidneys. They can strain all the strength of the disease out of the blood. Dodd's Kidney Pills are always the last medicine anyone takes for kidney disease. It always cures and no other medicine is needed."

A successful Christmas entertainment was held in the Central Baptist church Friday evening last. The building was literally packed and it was with some difficulty that all were seated. The Sunday school children had charge of the programme and acted their several parts admirably well. Towards the close of the evening, a tree heavily laden with Christmas toys, etc., was relieved of its great weight much to the delight of the young folk, after which refreshments were served to all present.

Christmas and the Bar Rooms

Another Christmas has come and gone. Good wishes have gone forth from sincere hearts.

Many old acquaintances have been renewed, and now we are about to say "good-bye" to the old year and step over the line which at present separates us from 1912.

Since the beginning of this year, many new ties have been formed, and many old ones severed—many new homes have been made and many old ones broken. But through it all the people of this western land can say with the Psalmist "The lines have fallen unto us in pleasant places."

If we had graduated from some orthodox school, instead of from a printing shop we would probably take a retrospective view of the closing year, and for the benefit of ourselves as well as for the perusal of those who by chance may see it we would attempt to write an article choosing as our text or subject the words, "What I have written I have written," uttered by Pilate on the day of the crucifixion of Jesus, God's greatest gift to a sinful world.

In spite of the great significance of Christmas day, many regard it as a day for drunkenness and revelry—a day when the vilest deeds shown in the devil's catalogue should be openly committed.

We are sorry to have to record the fact that throughout the Pass on Monday last the drink held high carnival and staggering forms from which there were emanating the vilest oaths and the lowest and most degrading talk. Drunken brags were also very noticeable. So long as the bar rooms are allowed to remain open on Christmas day just so long will drunkenness be rampant on that day, and instead of the greatest and most important day of the whole year being fitly honored it is shamefully defamed. The government of Ontario has made it law that all bar rooms be kept closed and that the sale of intoxicating liquors be prohibited in that province on Christmas day. We anxiously wait to see such a law prevail in this province.

We wish the world 366 days of unalloyed happiness in 1912.

We apologise for being late this week. But 'tis Christmas.

He who by his conduct, makes good friends on one hand, and bitter enemies on the other, gives evidence that there is something of the bold, independent, upright man in his composition, while the chicken-hearted, weak character is capable of making neither friends nor foes.

When your feet are wet and cold, and your body chilled through and through from exposure, take a dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold. For sale by all dealers.

No More Dandruff
S. J. Watson Knows What Is Making Clean Scals.

In order to rid your scalp of dandruff you must kill the germ. There is a hair dressing called Parian Sage which is now sold in every town in Canada. It is guaranteed by S. J. Watson, of Frank, to eradicate dandruff, stop falling hair, splitting hair and scalp itch in two weeks or money back.

If you have dandruff get a large 50 cent bottle to-day and rid yourself of it. Remember that if dandruff germs are not destroyed in time, the hair will surely fall out and baldness will follow.

Investment That Pays

No home in Western Canada can better invest a dollar than send it for a year's subscription to The Family Herald and Weekly Star.

That paper has been a blessing in thousands of Western homes. Its agricultural columns are as good as a course in a college. Its world's news page covers everything in the news line and its magazine section provides ample reading for the whole family. Any person seeing the beautiful picture "Home Again" in a shop window would readily give two dollars for it, yet it can be had absolutely free by sending a dollar for a year's subscription to the paper. Such a paper for a year with such a beautiful picture all for the price of a bushel of wheat is certainly a good investment.

Our Demi-Gods

We submit the following definition of Socialism, as taken from a well-known journal, to the careful consideration of our readers:

The standard maximum day's work for all grades shall be four hours, including meal times, as follows: Cafe, complete twenty minutes, petit déjeuner thirty minutes, grand déjeuner one hour, tea (haute) thirty minutes, dinner (table d'hôte) one and a half hours.

Suites of dining and recreation shall be provided by the railway companies for the exclusive use of the staff at every railway station. Decoration, furnishing and floral embellishment to be executed by first class firms to the satisfaction of the A.S.R.S.

The Companies are to provide waiters, chefs, wine stewards, silver, glass, china, table linen, menu cards, serviettes, finger bowls, a string orchestra and current literature, including illustrated publications.

The scale of wages to be paid to all Railway Employees shall be governed by a schedule issued weekly by each local secretary of the A.S.R.S., such schedule to be in accordance with the requirements of his colleagues.

In no case shall any engine-driver, signalman, guard, porter, shunter, greaser, carman, or boy receive less than the average income of his social and mental inferiors, the so-called "Learned" professions, or the Financial, Organising, or Administrative Inactivities.

Promotion shall be automatically regulated by lengths of inefficient service—commencing at the age of 16. Should any employee not have risen to the grade of Station Master at 18, Traffic Manager at 25, and General Manager at 30, he may claim:

(a) Retirement on a Pension of £2,000 or (b) a National Strike.

One month's full holiday in each half-year shall be given to every employee at double wages, in addition to a first-class pass for himself and his family to any seaside or health resort in Great Britain, together with dining and sleeping car accommodation and meals en route. A. S. R. S. officials shall be entitled to a mounted escort to and from stations, of the regiments of the line.

Should any signalman, engine-driver, guard, porter or lad feel slightly indisposed, "off color," cross grained, depressed, or be suffering from any infectious complaint—such as Hallway-grip, Swollen Head—he may cease work for the day without notice, and all fellow workers on his station, section of line or branch line shall cease work in sympathy.

No man or lad shall be requested to commence work in any case before 10 a.m., or, if the morning is at all "impor" nippy, before 11.

To avoid strain on the men, a reduced and slower service of trains shall be run during the months when the general public travel for their holidays.

The word "employee" shall cease to be used by the companies, and be substituted by the designation "Voluntaire," and the words "Company's Service" shall be altered in all privileges, writings, and announcements to "By the A.S.R.S.'s endorsement."

All grades shall dress as they think fit, and in lieu of the present service and degrading uniforms, the companies shall allow every man each year an evening dress kit, six sets of spun-silk underwear, and a silk hat with gold band, bearing the insignia "A.S.R.S." in diamonds.

The companies shall provide and maintain adequate armed forces, to protect members of the A.S.R.S. against the military, police, and the law.

Any man found guilty of Faithfulness, Honor, Zeal and Civility, shall be dismissed by the Company on demand of the A.S.R.S.

Non-Union men are exempt from the above programme, shall work at

Lundbreck Notes

Dr. A. C. Johnston paid a visit to Lethbridge on Christmas Day.

We regret to announce the death of the mother of H. Breckenridge, of this town.

There was quite a heavy fall of snow here for Christmas Day. The day passed off pleasantly indeed.

The usual Christmas dinner was served in excellent style at the Windsor hotel.

The Rev. Mr. Simpson went to Cowley last Friday to act as chairman to the local Christmas tree celebration.

PRO PATRIA—Early Christmas morning a fine little baby girl was born to Mr. and Mrs. Fred Eddy.

G. D. Martin, school teacher at Cowley, paid a visit to Lundbreck during last week. We understand that Mr. Martin has given up teaching and has gone north to his farm at Penfold.

The children of the Lundbreck public school held their Christmas Tree celebration last Friday night. There were two trees loaded with presents, each child getting two gifts from Santa Claus. The school room was fittingly decorated and was crowded to its utmost capacity by the parents and friends of the pupils. The program presented by the children was as follows:

Speech—"Christmas Wishes" by G. Carson, B. Prentice and N. Gray.

Speech—"Good Nature," by Willie Carson.

Speech—"Boys' Rights," by F. Huish.

Speech—by George Carson.

Song—"Maple Leaf," by J. McCulloch, F. Huish, F. Bolton and W. Carson.

Speech—"Canada," by J. McCulloch.

Songs by G. Carson, B. Prentice and N. Gray.

Recitation—"Christmas Day," by W. Gray.

Recitation—"I'm Glad I'm Me," by J. Carson.

Recitation—"The Pocket," by T. Taylor.

Song—"All things bright and beautiful," Omnes.

Song—"Carol, sweetly carol," Omnes.

"Getting information out of Pa," by May Taylor.

"When Pa shaved off his Whiskers," by K. Bansemer.

Song—"Merry Christmas Time," by Misses H. and K. Bansemer.

Recitation—"Pass it on," by W. Gray.

Reading—"Christmas Dinner," by K. Bansemer.

A Play—"The Shoemaker," by J. McCulloch, M. McCulloch and F. Huish.

During the entertainment there were three "battles" between the boys and girls. The battles consisted of questions in history, geography and spelling. The girls put it all over the boys and won easily.

The children desire to tender their thanks to Santa Claus, and also to the Christmas Tree committee, Messrs. Donald, Moore and Smyth. They also wish to thank Mr. Courtenay for the afternoon's work put in by him in preparing for the entertainment.

Happenings in and Around Frank

J. E. Wilcox spent several days last week in Lethbridge.

The public school closed on Friday for a week's vacation.

R. Scott arrived last week from Saskatoon and is visiting his friends in Frank.

Miss Florence Frisk, of Lethbridge, is spending the holidays with Miss Thomas.

T. L. Ferguson, of the Union bank made a business trip to Fernie on Thursday.

Richard McGowan returned from Lethbridge before Xmas and is staying with his friends in town.

Mr. and Mrs. Hanson left on Sunday morning to spend Christmas at their home in Nelson, B. C.

David Stone, who has been working at Taber in the coal mines returned to his home here on Sunday morning.

Miss Bal' is visiting her sister, Mrs. Clearhine previous to taking up her duties as teacher in Coleman public school.

Charles Patmore, junior of Montreal and C. Patmore of Cranbrook, are in town spending Christmas with their parents.

Mr. and Mrs. Williams who left Frank last spring for Cranbrook, have returned to Frank and have taken their residence amongst their old friends. Mr. Williams is working with the switch gang.

A good many of the young people of Frank had decided to go to Lillie on Saturday night to the concert and supper and were expecting a special train to come down for them. Even though all were anxious to go they had to remain at home as the train did not come.

On Friday night last a large crowd gathered in the Methodist church to celebrate the visit of Santa Claus to town. An interesting program was given by the children of the Sunday school, after which Santa Claus came bringing gifts for about two hundred children. All the "Kiddies" went home happy.

Frank Won At Hockey

Frank and Coleman met for the first time this season in a hockey match on Christmas afternoon, and for the first time in several years Frank defeated Coleman. The score was 9-4 in favor of the home team.

The game, as usual, was somewhat late in starting, it being fully half an hour after the advertised time before play started. These delays prove rather tiresome to the supporters of the teams, and the sooner the delays are eliminated the better it will be for hockey in the Crow's Nest Pass.

In the first twenty minutes of the game Frank had it mostly their own way. Scott started the scoring McKay followed with one goal, after which McGowan scored three goals on passes from Scott. Graham scored for Coleman making it 5-1 in the first period. Brown, of the Coleman team, was cut on the forehead and was replaced by Higgins. The wounded man was taken to the hospital for repairs.

In the second period Frank team apparently fell asleep and Coleman scored twice, Easton and Williams bulging the net. McGowan McKay and Scott, for Frank, each got one making the score 8-3.

In the last twenty minutes Coleman and Frank each got one goal, Easton and McKay doing the trick. Hughes was badly cut over the eye

Christmas Concert at Lillie.

On Saturday evening, December 23rd, a grand Christmas concert and supper was held in the school house. In spite of the stormy weather, it proved a great success. The programme, comprising home talent, would have done credit to a much larger town than Lillie. A duet sung by Mr. K. L. Dawson and Miss Hughes was rendered in excellent style. Mrs. E. Keith, in her recitation, gave evidence of talent rarely found in the Crow's Nest Pass, capturing the audience with her brilliant style. Miss Mary Williams, in a solo well adapted, sang up to her usual high standard. Dr. Snyder charmed us with a fine solo on the harp. K. L. Dawson made us all feel young and gay by his singing two college songs. Miss B. Evans rendered in a charming manner a taking recitation. A nice Christmas song by Mrs. E. Keith and Miss Keith was heartily received. Miss Maggie Hughes and Master W. J. Evans added greatly to the evening's enjoyment by each singing a solo which revealed two sweet, youthful voices. A quartette by W. R. and W. Hughes and the Misses Hughes, did all that was necessary to bring a very enjoyable evening to a close. Miss Mary Williams and Miss K. Williams gave a duet on the piano, which closed one of the finest and most successful concerts in Lillie.

Concert over, one hundred people sat down to a ham and chicken supper. The tables were presided over by Mrs. W. P. Williams, assisted by Miss Williams, Miss K. and M. Williams and Miss Wilson. Mrs. E. Keith, assisted by Miss Keith; Mrs. F. Anderson, assisted by Miss Mary Williams, Miss Maggie Hughes, Miss B. Evans and Mrs. Hinesline. These ladies saw to it that everyone received a pleasant which will never be forgotten. W. P. Williams presided over the evening's proceedings.

—Com.—
and had a couple of stitches put in later.

The line-up of the teams was as follows:

Frank	Coleman
R. McGowan goal	Holmes
Hughes point	Brown
Rourke c. point	Marr
McKay rover	Easton
McGowan centre	Graham
Scott right wing	Williams
Dawson left wing	Blatfield

Many of the inhabitants of Bellevue and Maple Leaf were awakened on Christmas Eve night by sweet strains of band music. The Goodwin brothers, who have recently taken up their abode among us, constitute a band in themselves of no mean talent, and being from the Old Land, the old custom was observed into the wee sma' hours of Christmas morning of serenading the people of the camp with songs and music, heralding the advent of the gladdest day of all the year. The Goodwin brothers, who were active in the work of the Salvation Army at Fernie previous to coming here, should mean much to the religious life, as well as to the musical circles of the camp.

The Christmas concert, held in the church on Friday evening, provided much amusement for young
